

MILLENNIUM ROOFING

CORPORATE IDENTITY

2022

OUR MISSION

SINCE 2004, MILLENNIUM ROOFING HAS BEEN DESIGNING AND MANUFACTURING TOP QUALITY ROOF TRUSSES THAT SUIT OUR CLIENTS' EVERY NEED. EXCEPTIONAL SERVICE AND SUPERIOR TRUSS DESIGN MAKE US SERIOUS CONTENDERS IN THE MARKET.

In our quest to be market leaders in truss design and after sales service, our clients are of paramount importance to us and are guaranteed a rapid turnaround time and competitive pricing.

We are passionate about what we do, and have consistently been rated in the top ten companies over the last ten years and in 2013 we were rated in the top three companies in South Africa.

INTRODUCTION

This guide aims to help all Millennium Roofing stakeholders in achieving a consistent approach around the brand usage of various properties and assets which impact on the image and positioning of the brand in the eyes of the customer.

The core brand elements are the building blocks that define the visual personality of our brand. It's imperative that we maintain the integrity of the brand through consistency in every touch point, both print and digital.

You are a brand custodian by association.

This is to be used as the benchmark when approving any marketing or communication collateral.

LOGO RATIONALE

MILLENNIUM ROOFING ORIGINAL LOGO

The original Millennium Roofing logo was designed to emulate the roofing installations in a B2C settings and the colours used primarily focused on yellows, oranges and blacks.

The previous logo made use of one fontface for the copy within the logo with white, black and yellow being the primary colour choice.

This logo also strongly emphasised the dependency on residential houseing as their primary identifier, which only represents a small portion of Millennium Roofings services and outputs. The logo icon can easily be confused with realty and other domestic repair services, with no clear differentiation as to what Millennium Roofings services are.

With this in mind, this logo will no longer be used.

MILLENNIUM ROOFING REDESIGNED LOGO

During the development phase of the logo creation care was taken in choosing the primary and secondary typeface as the logo has to be visually recognisable at a glance.

Colour pairing is important to create contrast, legibility and visual hierarchy within the logo. Therefore the design consideration was taken into account to use blues, blacks and white as the predominant colours of Millennium Roofing to create a strong visual that can be digested by the viewer at a glance with clear brand visibility at a distance.

The Millennium Roofing's logo was designed by using lines and shapes found in elements of their core services that being roof covering and trussing. The Logo Combines these elements to create a unique where to combine the Initials of M and R into shapes that are associated with roof Covering and pine / steel trussing.

R: 225 G: 225 B: 225

LOGO SAFE AREA

The space around the logo should always be at minimum double the height of the letter "M" from the logo's boundry box.

The Logo should always have "White space" around it to make it legible to create brand visibility and visual hierarchy.

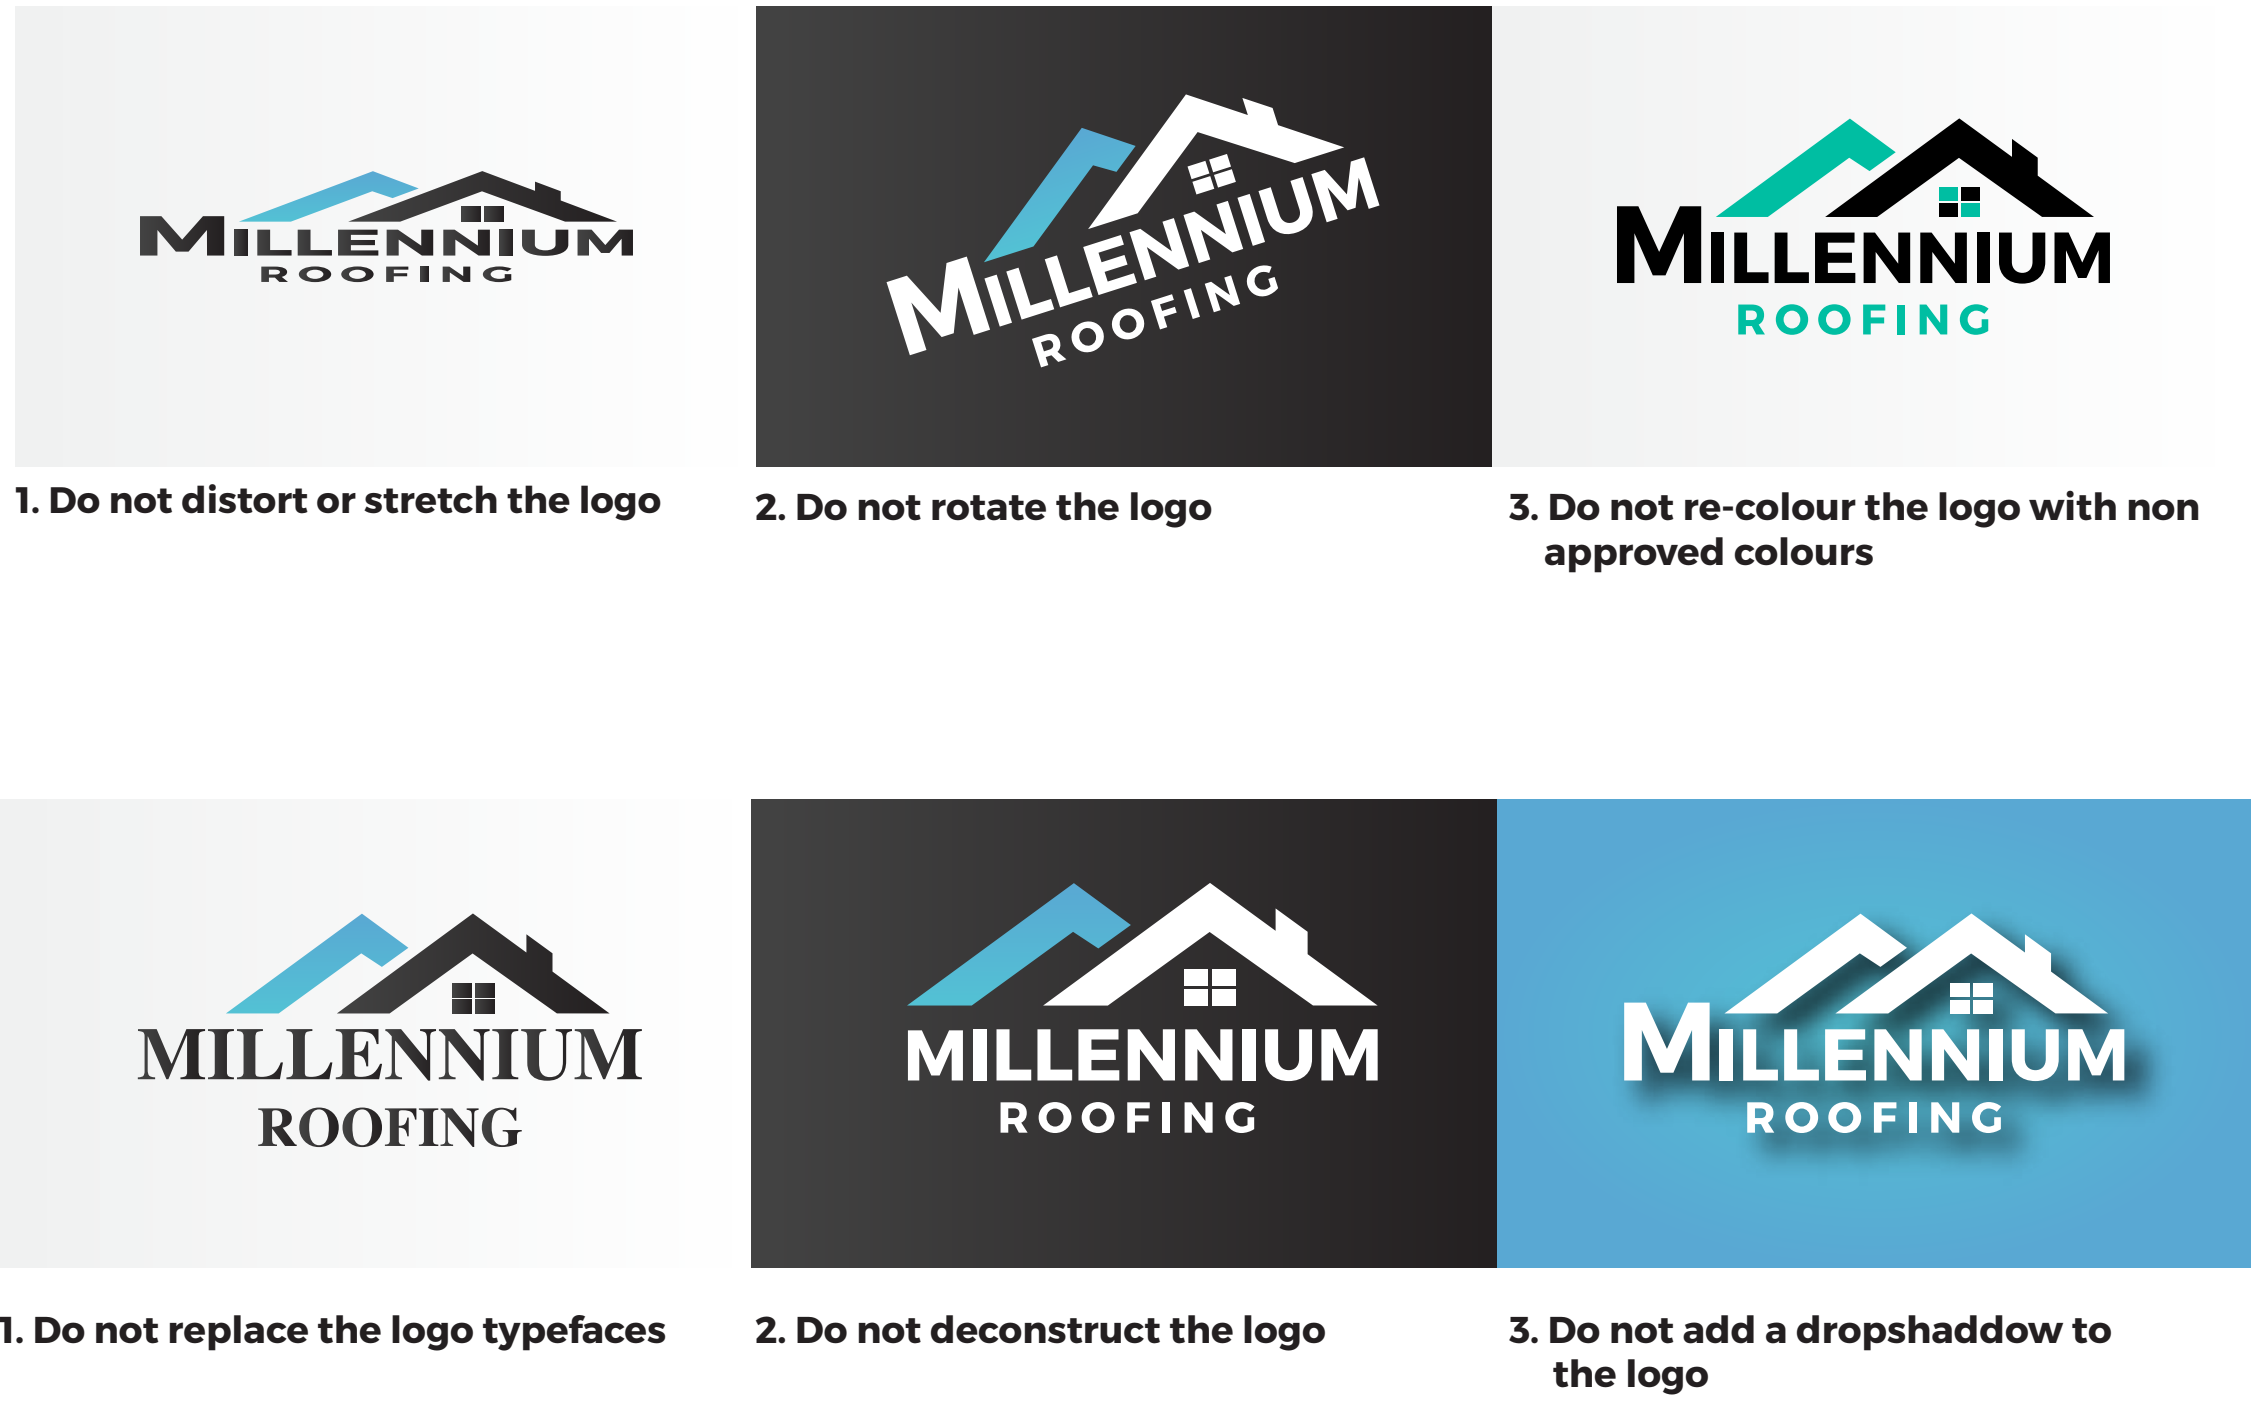

LOGO TREATMENT

Preferred Treatment

Millennium Roofing's logo should always be placed on a black, white or supporting colour background to ensure that the logo has high visual impact and is legible and visible. Should the logo need to be placed over an image, the logo needs to be clear and legible so a CI colour overlay on needs to be implemented to increase contrast and legibility.

Incorrect Treatment

- 1. Do not distort or stretch the logo
- 2. Do not rotate the logo
- 3. Do not re-colour the logo with non approved colours
- 1. Do not replace the logo typefaces
- 2. Do not deconstruct the logo
- 3. Do not add a dropshadow to the logo

FULL COLOUR LOGO

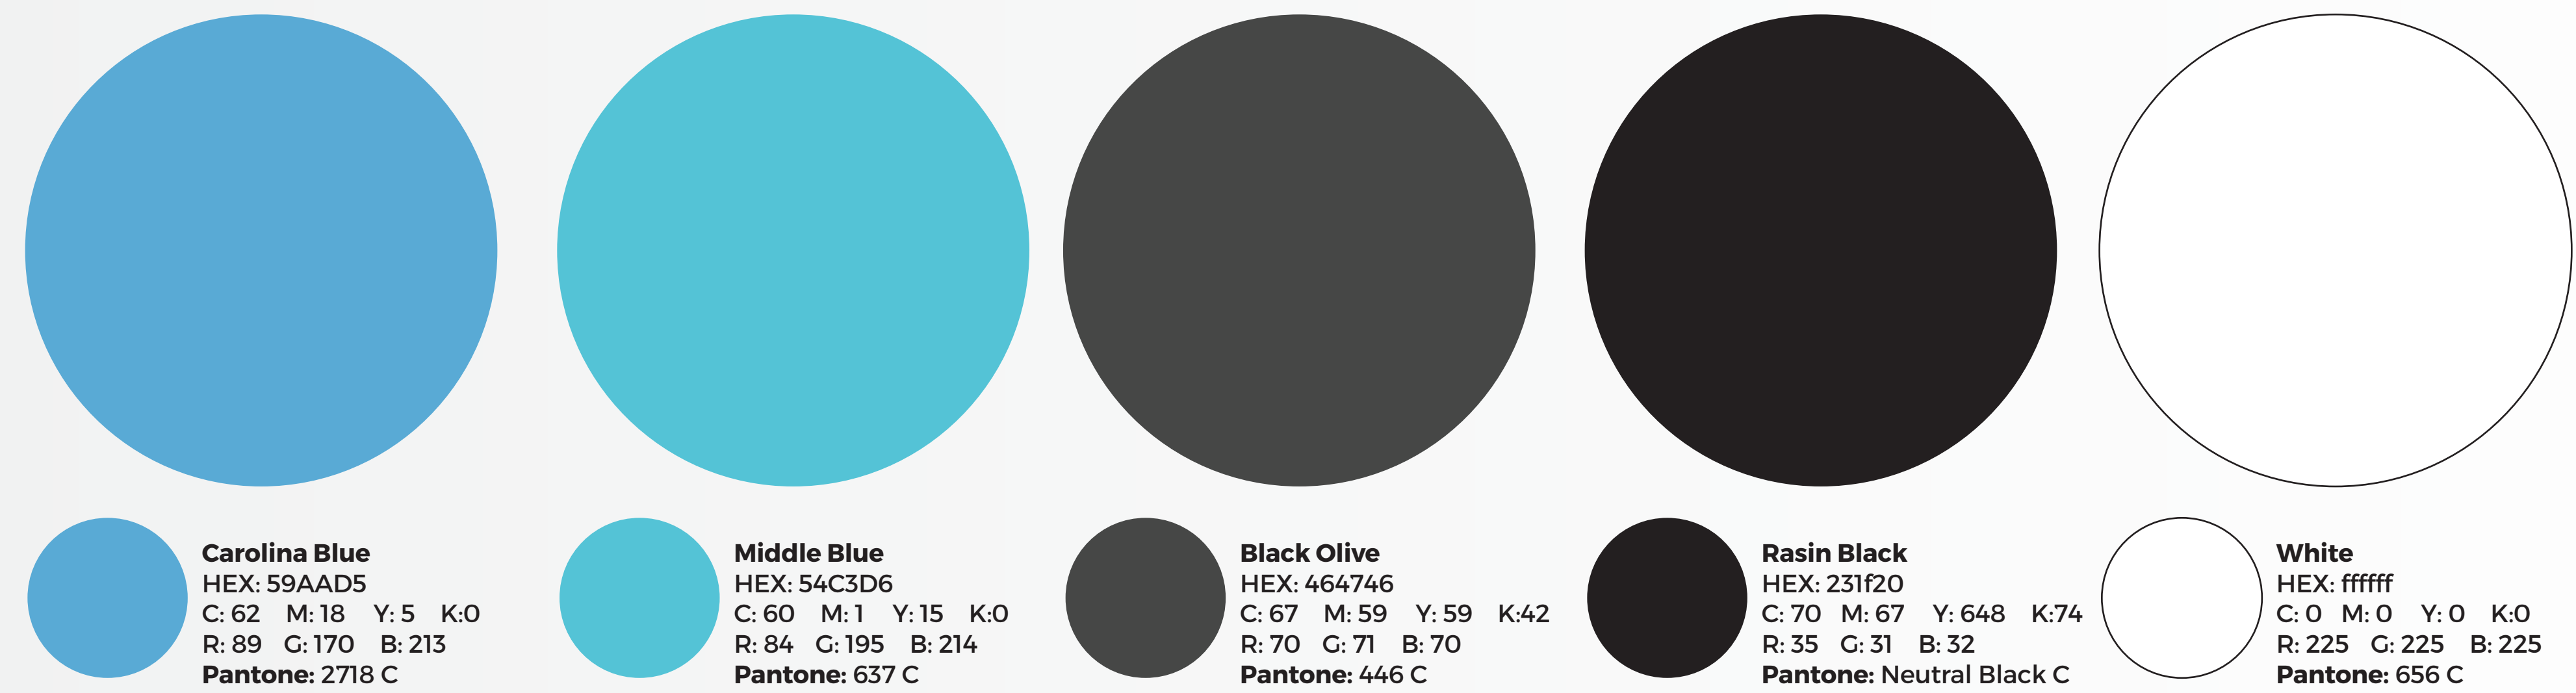

FULL COLOUR LOGO

FULL COLOUR LOGO

PRIMARY & SECONDARY COLOUR BREAKDOWN

The primary colours chosen for Millennium Roofing's are White, Carolina Blue and Rasin Black with the secondary colours being Black Olive and Middle Blue.

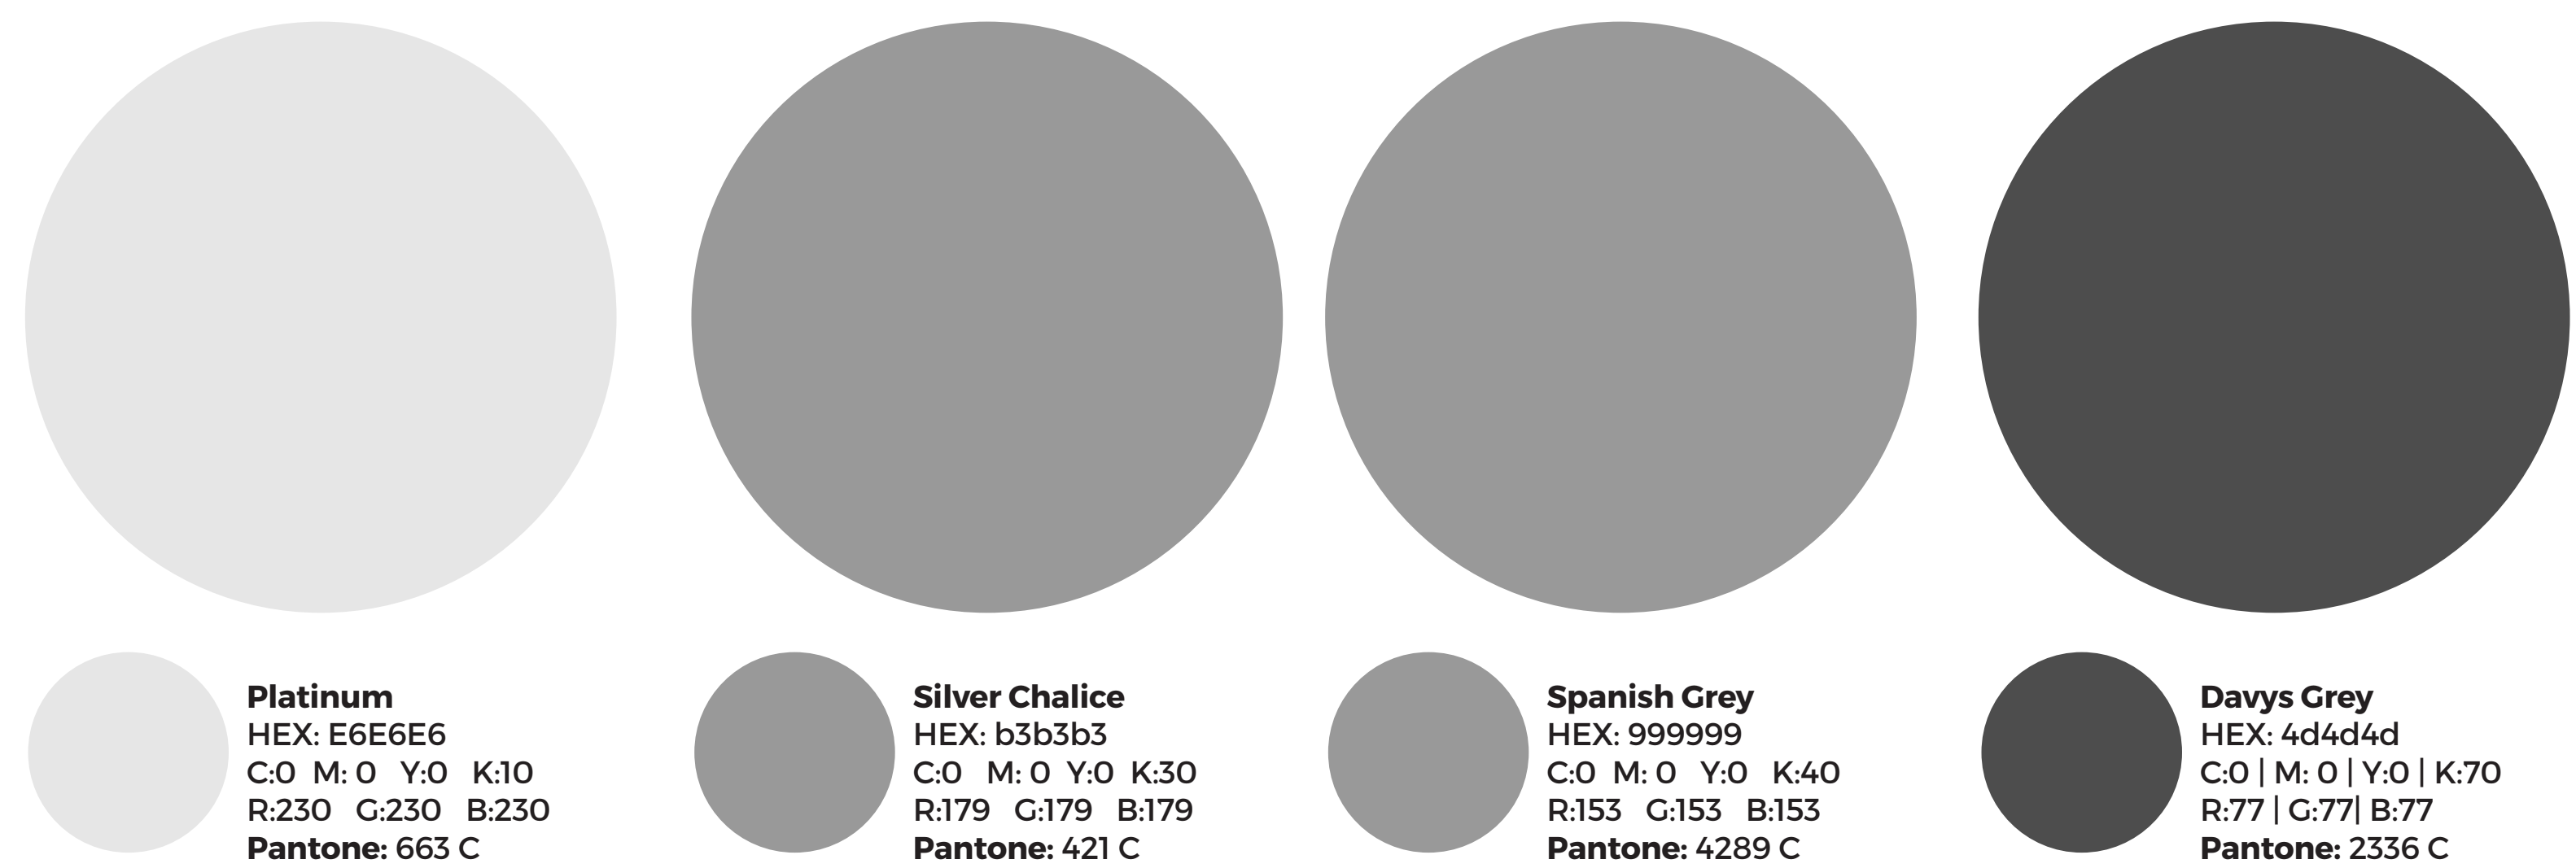

This colour combination was chosen according to colour theory to create visually high contrast so that viewers can easily identify the brand based on colour pairing & shape alone.

Carolina Blue was chosen for Millennium Roofing's primary colours as Blue is a global signifier for transit related signage and signifies Trust , Integrity, and Balance

White was chosen for Millennium Roofing's primary colours as White in marketing conveys a feeling of safety, cleanliness and simplicity.

Black was chosen for Millennium Roofing's primary colours as Black conveys power authority, formality and strength.

MONOCHROMATIC COLOUR BREAKDOWN

Millennium Roofing's uses this monochromatic palette for digital formats, print and branding where monochromatic tones are needed to break white space or give tonal differentiation from white and black.

These colours should not be used in the logo of Millennium Roofing but can be used within Millennium Roofing's stationary, website and branding, where applicable, to create visual contrast and to inform information hierarchy within each creative respectively.

Trueno

Light

Bold

Regular

Black

abcdefghijklmnopqrstuvwxyz

1234567890

ABCDEFGHIJKLMNOPQRSTUVWXYZ

1234567890

*

Trueno should be used only for the type face for the logo and no where else as it isn't an open typeface and isn't readily available on most systems or libraries. Please defer to the Primary or System Typeface for all written communications.

Aa

Font Typeface - Trueno

Trueno was chosen as the primary font face as the font legibility and simplicity that allows for a diverse font family with various weightings.

Trueno Bold was chosen for the logo font as its strong modest lettering allow for easy visual contrast and **communication**.

Trueno is based off of Montserrat and is modest in terms of it's strength in visual communication and attention grabbing properties when combined in contrasting weights.

Roboto

Light

Regular

Bold

Black

abcdefghijklmnopqrstuvwxyz
1234567890

ABCDEFGHIJKLMNOPQRSTUVWXYZ
1234567890

*

Robot could be used for all digital marketing and for the main Typeface of the Millenium Roofing Typeface. Should Roboto not be available please defer to the System Typeface Gill Sans.

Aa

Primary Typeface - Roboto

Roboto is the primary Typeface for Millenium Roofing Across all digital collateral.

Roboto was chosen as it has a mechanical skeleton and the forms are largely geometric. At the same time, the font features friendly and open curves. While some grotesks distort their letterforms to force a rigid rhythm, Roboto doesn't compromise, allowing letters to be settled into their natural width. This makes for a more natural reading rhythm more commonly found in humanist and serif type.

Gill Sans

Light

Regular

Bold

Black

abcdefghijklmnopqrstuvwxyz
1234567890

ABCDEFGHIJKLMNOPQRSTUVWXYZ
1234567890

*

Gill Sans Should be used for all internal Documents like memos, documents and other printed/Digital stationary. System Type Face refers to the Main Font Face Used for all communications as it's pre installed on all computers

Aa

System Typeface - Gill Sans

Gill Sans is a humanist sans serif with some geometric touches in its structures. It also has a distinctly British feel. Legible and modern though sometimes cheerfully idiosyncratic, the lighter weights work for text, and the bolder weights make for compelling display typography. Gill Sans is also available as Value Pack for Macintosh, PC or as Hybrid CD with both platforms.
